

Our Philosophy

At CAIR, our philosophy is to perfect our products inwardly and outwardly combined with a genuine care for people and the environment. We pride ourselves in inventing technologies that help save lives. Our products are designed in-house by a team of skilled engineers and manufactured in our state of the art production facility accredited to ISO 9001, OHSAS 18001 (Health & Safety), and ISO 14001 (Environmental Management System). From the birth of an idea to the moment of materialisation, each product goes through a process of continuous improvement until the end result satisfies all.
