

Smart Technology, Made to Care

## Heat+

Interlinked Heat Alarm

**The Heat+ Alarm is a discreet, compact unit which is specifically designed for applications where smoke alarms would be unsuitable, such as kitchens, garages and dusty areas.**

It can be easily programmed to interlink with other Smoke+ or Heat+ sensors, ensuring all connected devices alert when needed. The Heat+ is Class A1 against BS 5446-2 meaning it will alarm from 54 to 65°C upwards.

# Heat+

Interlinked Heat Alarm

## Features list
