

Smart Technology, Made to Care

Request

Large Button Radio Alarm

The Request is a large easy to press free standing wireless call button. Cair Request is used to request assistance from a local carer or to alert via a lifeline unit.

Ideal for users with limited dexterity that can be placed on any flat surface. Cair Request is sensitive enough to recognise the slightest touch. Cair Request comprises a large button which includes an integrated radio transmitter along with replaceable AAA batteries.

Request

Large Button Radio Alarm
